I don't want to sound like a word smith but let's stick to "no adverse intelligence" as information can be anything and is not properly vetted or analyzed

Hi Chris,

Thanks for this.

For confirmation is this statement accurate:

"The Ottawa Police – Security Intelligence Section have completed indices checks with municipal, provincial, and federal partner agencies. No adverse intelligence or any information concerning a specific threat towards this event has been determined at this time"

Further, please take out the Sam Hersch comment and possibly re-phrase the following "professional protest" with the usual **sad** players"

Thanks,
